

Grasso ALIMENTARE

Lubricant grease for food grade industry

CHARACTERISTICS

Odorless lubricant grease, nontoxic, specifically recommended for the lubrication of the plants of food grade production. It is completely devoid of odors and it is inert, nontoxic. It is formulated with ingredients approved by FDA regulations (21CFR.178.4570) for lubricants that can by chance enter into contact with food. It is infusible and stable at temperatures over 250°C. It has a good capacity of resistance to the load, it is also suitable for a long lasting lubrication, it protects against wear and corrosion.

APPLICATIONS

Grease for FOOD GRADE by CAMP® Professional is specific for machines and plants of the food grade industry such as mixings, engines, conveyors belts, mechanisms, packaging machine and for every application which needs a long lasting lubrication.

PROPERTIES/ADVANTAGES

- Nontoxic, with a high level of pureness, completely odorless and bland
- Specific for the application which implies a contact with food
- Good resistance to scour and to vapour
- Excellent stability at low and high temperature

SPECIFICS

Code Federal Regulation:	
FDA Section 172.121/2589	total based fluid non toxicity
FDA Section 121/2586	Total non toxicity of every components
FDA Section 12150	Characteristics of the plants for the product preparation
FDA Section 21/CFR -121/2553- 121/1550	

TECHNICAL DATAS

Color:	white
Consistence NLGI:	2
Temperature of use:	from -35°C to +260°C

STORAGE

Store the product in a cool and dry place in the original containers tightly closed.

FORMATI

Tubes 150 ml	Packagins: 12 pcs	Code: 1119 150	Ean: 8056736862872
Pot 1 kg	Packagins: 6 pcs	Code: 1119 001	Ean: 8056736862735

Warnings: The information and advice given in this sheet correspond to our most recent technical and application knowledge and are supported by continuous laboratory research. However, before using the product, who intends to make use of it is required to determine whether or not it is suitable for the intended use and, anyway, assumes any responsibility that may arise from its use. It should be noted that this information may be subject to additions and / or changes over time by CAMP S.r.l. Always refer to the latest version of the technical data sheet, available on request or on the website www.campitalia.it.
