

MASTER 360®

Multi-purpose lubricant

Lubricant unblocker detergent
protective water repellent anti-corrosion

FEATURES

Master360® is a multi-purpose lubricant grease that ensures high performance and extreme versatility. Lubricates, eliminates friction, unblocks any parts, removes damp, prevents rust formation and metal corrosion, cleans, dissolves greases and scales. Thanks to its multifunctional role, **Master360®** is ideal for many different applications, such as industry, D-I-Y, house, sports, agriculture and boating.

Unblocks, eliminates friction and squeaks and protects against dust and wear. Contains penetrating chemical agents that allow this product to easily unblock any locked, rusted or seized mechanism.

Cleanses, removes dirt, grease, tar and combustion deposits, thus allowing an effective surface cleaning. Repels damp and impedes its formation, by creating a protective barrier against water, frost and oxidation. Contributes to electric contacts' reactivation.

Protective and anticorrosion. Penetrates through rust and corrosion, even in the presence of moisture, by forming a protective barrier that ensures effective protection against atmospheric agents and its corrosive effects.

It is free of silicone and suitable on all materials, including painted surfaces, rubber and plastic. It does not contain chlorinated solvents and propellants harmful to the ozone layer.

APPLICATIONS

Thanks to its multi-functionality, versatility and effectiveness, **Master360®** is an essential tool for maintenance in many sectors; at home, as well as for the industry sector: automotive industry, mechanical engineering, construction, aviation, agriculture, boating, DIY, sports, etc. .

INSTRUCTIONS FOR USE

Shake well before use. Apply directly on the parts to lubricate. Leave it for a moment and, if necessary, proceed to unblocking. Warning: Do not apply on energized equipment or overheated material.

PACKAGING

Aerosol 200 ml	Confezione: 12 pcs	Code: 1006 200	Ean: 8056736860113
Aerosol 400 ml	Confezione: 12 pcs	Code: 1006 400	Ean: 8056736860151

Warnings: the information and the advice contained in this datasheet correspond to our most recent technical and applicative knowledge and are supported by ongoing laboratory research. However, before operating the product, anyone who intends to use the product must ensure that it is suitable for the envisaged application: in every case, the user alone is fully responsible for any consequences deriving from the use of the product. Please refer to the current version of the Technical Data Sheet, available from our web site www.campitalia.it
